

IN THE SPECIFICATION

Please amend the paragraph bridging pages 7-8 to read as follows:

The substance F-1491 has structural similarity to Fusarielins that have been reported to have a weak antifungal activity (J. Antibiotics, 48(1), [[45-52]] 42-52 (1995)). However, the substance F-1491 of the present invention is a novel compound that is clearly distinguished in the molecular formula, physicochemical properties, structure and biological effects thereof from the known Fusarielins.
